Congratulations to ECI for making the Inc. 500/5000 list for the 4th year running.

Inc. 5000

Now in its third year, the Inc. 5000 is the most comprehensive portrait of fast-growing private companies assembled anywhere. Each profile is researched and reported by one of the dozens of writers assigned to the project and includes interviews with CEO's of almost all the companies on the list. The Inc. 500/5000 brand shines a spotlight on thousands of hitherto little known innovators in industries ranging from manufacturing and construction to consumer products to software. ECI has made the Inc. 500 and 5000 list since 2006.
